Don't miss a drinks reception and discussion on "Communicating Science in the Alternative Facts Era" by one of the organizers of the March for Science.

Dr. Lucky Tran (Corpus Christi 2005) is a scientist and media maker who helps people understand science using words, movies, and data. To see some of his fun and interesting work, [click here](#).

Corpus Christi Master Stuart Laing will be in attendance to introduce the speaker and give an update on behalf of Collegiate Cambridge.

We hope you will be able to join us.

Dear Brendan

I guess you are not interested in the Taliban event on Wednesday ... so how about this event on Thursday?

The speaker sounds interesting ... at any rate for me ... and maybe for you. Let me know so that I can register you?

I spoke to mum and won't come in to New York tomorrow but will come in on Thursday. The CAM event is at 1120 Avenue of the Americas (at 43rd Street) at 6 pm

Peter

Dear Brendan

Excellent ... I will register. Please confirm that you are definitely coming because I don't want to pay and then have you no-show. Thanks

Peter
