MAKING SUSTAINABILITY INVESTABLE

CRD Analytics is a leading provider of independent sustainability investment analytics.

Using its proprietary SmartView® 360 Platform, CRD Analytics empowers its clients with actionable and performance-driven information distilled from large sets of complex data including financial, environmental, social, governance, brand perception and reputational risk. CRD Analytics partners with its clients to construct proprietary index-based products – Exchange-Traded Funds (ETFs), separately-managed accounts, mutual funds and Unit Investment Trusts (UITs).
