SANOFI AT A GLANCE

We seek to improve the lives of people everywhere by expanding access to healthcare.

In 2013, + 260 programs implemented in more than 70 countries worldwide

177 million people benefited, including:

- 98 million patients receiving diagnosis, vaccination, treatment, or disease self-management training
- 79 million individuals targeted by awareness campaigns
- 163,000 healthcare professionals trained
- 163,000 healthcare professionals trained
Sanofi’s mission is to **protect the health, improve the quality of life and meet the hopes and potential needs of 7 billion people** in the world. We want to use our expertise and resources in areas where we can make a difference.

Part of our business performance could be seen as a **giving back contribution** to patients and communities.
WHY IS CSR PART OF OUR COMPANY’S DNA?

Our sustainable growth depends on our responsible behaviors to our patients, customers and all our stakeholders.

• Create value for patients by offering increasingly innovative products and services
• Seize opportunities for growth and develop new relationships with our stakeholders
• Adapt our strategy in line with the evolutions of the needs
• Deploy a proactive management of key strategic & operational risks: economic, social, environment
• Demonstrate transparency and openness in external relations
• Develop new relationships with internal/external stakeholders
• Unify employees through shared values
• Develop the image of a responsible global Healthcare company

By addressing these challenges, CSR generates VALUE
OUR MISSION: PARTNERING TO PROMOTE ACCESS TO HEALTHCARE

1/3 of the world’s population has no access to healthcare

Creating sustainable access to healthcare through the Access to Medicines division:

- Malaria
- Tuberculosis
- Neglected tropical diseases: sleeping sickness, leishmaniasis, lymphatic filariasis, Chagas disease, Buruli ulcer
- Mental health
- Epilepsy

Reducing health inequalities through the Sanofi Espoir Foundation:

- Combat childhood cancers in developing countries
- Combat maternal and neonatal mortality
- Access to healthcare for excluded populations

Promoting quality healthcare, in particular by combating counterfeit medicines

The missions

- Design and implement the **Corporate Social Responsibility strategy** across all Group entities at the global, regional and local levels.

CSR is embedded into Sanofi’s core business strategy, focused on the **patient** at the center of our activity. Today the notion of integrated care is increasingly central to our business.

The foundation on which we build our strategy is **respect for human rights** in all our activities. We are committed to following this approach because we are convinced that the principles of human rights apply to people, to nations, and, by extension, to businesses.

In addition to Patient, our CSR strategy has three pillars: **Ethics**, **People** and **Planet**.
The missions

Fulfill our social responsibility towards the neediest patients in developing countries.

Promote a comprehensive management of diseases, combining prevention, diagnosis and treatment, through 4 strategic levers:

• Tiered pricing policy for affordable medicines,

• Information and education programs for healthcare professionals, patients, families and communities

• Partnership with local authorities, experts, NGOs

• A dedicated R&D to meet future needs,
The missions

Creating long-term partnerships that contribute to sustainably reducing healthcare inequalities in 3 key areas:

• **Fighting against childhood cancers:**
  - 9 years, 33 projects supported in 45 countries in Asia, Africa and Latin America

• **Fighting against maternal and neonatal mortality:** 14 on-going programs in Asia, Africa and Latin America

• **Access to healthcare** for the most poorest: 4 on-going programs in France and 5 health coverage pilot projects in developing countries

Responding to humanitarian emergencies

In 2013
58 long-term programs
41 beneficiaries countries
4.5 million beneficiaries
803 health facilities networked
139 ministries and health departments involved
